Think about how tiresome it will be to tidy up your own house after having a big party, without help from cleaning equipment. In the past, the time upholstery and carpets had the dirt beat out of them by hand; brooms, cleaning cloths and brushes were the best cleaning supplies during that time. The founder of Nilfisk-Advance, P.A. Fisker, started out as an electrical engineer who liked to work on electrical motors. After establishing his business during 1906, he started to make motors to drive machine tools, drills, coffee grinders and fans. Mr. Fisker's dream from the beginning was to have an international business selling merchandise globally. The Nilfisk C1 was a tremendous breakthrough for the cleaning business. This ground breaking vacuum cleaner, invented by Mr. Fisker, weighed just 17.5 kilos and can be operated by a single individual. This creation came in a time where numerous cleaning equipment were huge and needed at least 4 operators, hence, the Nilfisk C1 transformed everything and evolved the method we clean forever. The mastermind behind these very first cleaning machines remains unparalleled. Cleaning equipment provide an excellent solution to an existing crisis; stuff get filthy and must be cleaned on a regular basis, without a lot of effort. Gradually, the business Nilfisk-Advance developed all through the years. In the early nineteen eighties the company grew fast when the company became a part of the NKT Group. With new owners on board, they focused on driving Nilfisk-Advance ahead within the trade, aiming to be an active global player in making professional cleaning equipment. Nilfisk-Advance is currently found in every part of the globe by steadily obtaining numerous small companies to be able to expand their product range and presence in new markets. They are really proud to offer a range of cleaning solutions to suit each and every requirement.
