

## Lull Telehandler Parts

Lull telehandlers have been providing precision load placement ever since nineteen fifty nine. Whether the work entails positioning heavy steel, landing loads on scaffolding or transferring loads, utilizing a Lull telehandler will help make the work go faster and easier. These units are available along with the patented Stabil-Trak stability system to ensure operator confidence. The horizontal placement system by Lull could supply eighty inches of boom travel for precision placement functionality. There are also many optional Lull accessories for their telehandlers to help do whatever task.
